State Tribal Relations

Strengthening our state and tribal partnerships, providing training and resources.

Public Safety and Justice

Investing in the MMIWR Task Force and increasing capacity to address to epidemic of missing persons in our state.

Suicide Prevention

Creating a position and program to assist tribal communities in preventing suicide in their communities.

Promote Healthy Communities

Making investments to foster healthy native communities by developing tribal-specific response and solutions.

Investment in Tribal Infrastructure

Building internal capacity to meet the needs of tribal communities in expending unprecedented investments in tribal infrastructure.

Protecting Sacred Resources

Supporting stronger protections for land, air, and water.
