5. Tribes awarded TIF funding are to attend TIF trainings required by IAD.

*The Tribal Infrastructure Act was signed into law in 2005 and recognizes that many of New Mexico's tribal communities lack basic tribal infrastructure, including but not limited to water and wastewater systems, roads, and electrical power lines. The lack of such infrastructure results in poor social, health, and economic conditions in communities. The Act created the Tribal Infrastructure Fund, the Tribal Infrastructure Project Fund, and the Tribal Infrastructure Board ("Board"). The purpose of the Board is to evaluate project proposals and to award grants and loans to qualified projects. The Board is administratively attached to the New Mexico Indian Affairs Department. The New Mexico Indian Affairs Committee holds legislative oversight over

the TIF program and the grants and loans made by the Board. Pursuant to the Laws of 2010, HB162, Severance Bonds for Tribal Infrastructure, The State Board of Finance shall allocate a percentage of the estimated severance tax bonding capacity each year for tribal infrastructure projects, and the state board of finance will issue severance tax bonds in the annually allocated amount for use by the Tribal Infrastructure Board to fund qualified tribal infrastructure projects.
