BACKGROUND

In July 2008, IAD received its first allocation from the Tobacco Settlement Revenue Oversight Committee (TSROC), thereby initiating IAD’s administration of a grant program open to tribes.

During the 2026 New Mexico Legislative Session, IAD received an Interagency Transfer Fund Appropriation for up to \$249,300 from the Tobacco Settlement Fund. The funds are to support Tobacco Cessation & Prevention Project (TCPP) initiatives for tobacco cessation and prevention programs for Native American communities throughout the state.

PURPOSE

IAD manages state funds allocated for TCPP, the specific purpose of funding is for initiatives that directly support Nations, Pueblos, Tribes (NPTs) and Native Americans in New Mexico by promoting:

1. cessation and prevention of commercial tobacco abuse (to include e-cigarettes, vapes and smokeless tobacco) in Native American communities;
2. cultural awareness of the Native American traditional and ceremonial use of tobacco as a means to strengthen cultural identity and resistance to commercial tobacco.

The funding may be used to address tobacco cessation and prevention initiatives that benefit Native Americans and Native American communities in New Mexico. Ideally, eligible projects will focus on culturally appropriate tobacco cessation and prevention initiatives, reducing the use of commercial tobacco and/or increasing the awareness of the harmful effects of vaping. Funds can be used to support emerging programs or expand the capacity of existing programs.

APPLICATION REQUIREMENTS

IAD has established the following application requirements for NPTs for this funding:
